## ABOUT ME

---

I excel at solving complex challenges and transforming designs into real-world full-stack applications. With expertise in web development and DSA, I seek a Software Developer role to leverage my technical skills and creativity.

## TECHNICAL SKILLS

---

**Development Tools & Platforms:** VS Code, Git, GitHub, Linux

**Programming & Frameworks:** C++, HTML, CSS, JavaScript, TypeScript, React, Node.js, Express, Next.js, Redux/Zustand, Tailwind CSS, Solidity

**Databases & Cloud:** MongoDB, PostgreSQL, AWS

**Blockchain & Web3:** Solidity, Ethereum, Remix

## PROJECTS

---

**Portfolio Website** [🔗](#) (React, Tailwind CSS, JavaScript, Hosted on AWS EC2) [GitHub](#) **2025**

- Developed a responsive portfolio showcasing projects and skills with a modern UI.
- Implemented smooth animations, dynamic content, and optimized performance for seamless navigation.
- Deployed and hosted on **AWS EC2 Instance**.

**AI Task Manager System** [🔗](#) (React, TypeScript, Supabase, OpenAI API) [GitHub](#) **2025**

- Developed an **AI-powered task management system** to help users organize, prioritize, and manage tasks efficiently.
- Implemented **Supabase Auth** for secure authentication and **PostgreSQL** for real-time data management, ensuring seamless data handling.
- Integrated **Gemini API**-powered task suggestions via **serverless edge functions** to enhance user productivity through contextual insights.

**VibeChat** [🔗](#) (MERN, Socket.io, TailwindCSS, Daisy UI) [GitHub](#) **2024**

- Developed a **real-time chat application** supporting one-on-one and group messaging with **instant message delivery** and user status tracking.
- Implemented **JWT-based authentication** for secure user sessions and **Socket.io** for real-time messaging, ensuring seamless communication.
- Optimized state management using **Zustand** to minimize re-renders and improve client-server interaction.
- Designed an intuitive, modern UI using **TailwindCSS** and **Daisy UI**, ensuring a visually appealing and user-friendly experience.

## CERTIFICATIONS

---

- AWS Certified Cloud Practitioner credential.
- Microsoft Certified: Azure Administrator (AZ-104) certification.
- 100x-Devs Cohort – Full stack(Mern) cohort.
- Connecting to a MongoDB Database course from MongoDB University.

## EXTRACURRICULAR

---

**IEEE RAS (Robotics & Automation Club, VIT)** **2022 - 2023**

- Organized workshops and seminars on robotics, automation, and embedded systems.
- Collaborated with industry experts to deliver hands-on technical sessions.
